SECTION 625 CAMPING UNIT/ RECREATIONAL VEHICLES

- A. A special permit shall be granted by the Code Enforcement Officer upon request for a single camping unit to be occupied on an improved or unimproved lot, outside of approved campgrounds, for a period not to exceed a total of 30 days duration per calendar year.
- B. For the purpose of this section, improved property shall be land (lot) upon which there is a dwelling that conforms to the articles of this Local Law and unimproved shall be land (lot) upon which there is no dwelling.
- C. All camping units are to be placed on the side or rear of improved property.
- D. Placement of camping units must be in accordance with the setbacks required for buildings in the respective zone of the property.
- E. The camping unit must either have self contained sanitation system or be connected to adequate sanitation facilities.
- F. Any recreational vehicle/camping unit occupied shall have a current valid registration allowing it to travel on the highway.
- G. A permit is not required for an unoccupied camping unit stored on an improved property.
